NINETEEN HUNDRED

THE VIXEN

LYNDA K. ANDREWS

it's time to start all over again!!

time on our hands . . .

It's time for class, and work, and study, and then my stomach says, "Hey you," I know it's time to eat. But in my day, the time that's worth the most is the time that I spend for me. In my time, I keep my studious friends from their homework, or write a letter that's two months overdue. Then, I smile to myself and think of faraway places and gorgeous men. With this thought, I realize there will be a time. And when it comes he'll be blessed.

there are hours spent all alone . . .

and quiet moments with friends

all the good times!

Approximately 300 students affectionately refer to VMC as home. In the dorms, all the girls have a place where escape from the rigors of class can be found. In these shelters from the storm of learning, each girl finds someone else who, like her, cannot study for one second more. When necessary, she can even find a friendly shoulder for homesick tears. Friendships begun out of simple need are built upon and grow into lifetime bonds. It is hard to live with someone 24 hours a day; but disregarding a few uncomfortable moments, life at the Villa dorms is at the very least interesting.

the dorm has become our second home our fellow

"inmates" our second family

IN THE BEGINNING . . .

Freshmen means:

Breaking away, leaving home, making new friends, adjusting to roommates, wearing beanies, playing lawn games, singing VMC songs, studying Block, learning to eat SAGA food, taking phone duty, struggling through College Comp. at 8:00 a.m., pigging out at Skippereno's, staying up all night talking about nothing, popping popcorn, searching for ice cubes, cramming for finials, and finally advancing to sophomore year!

Cooperation by Residents and Student Council.

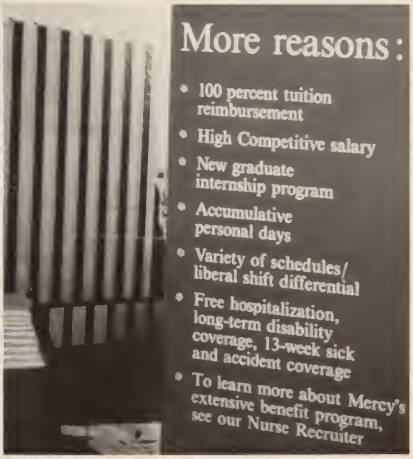
You will love your Beanie!

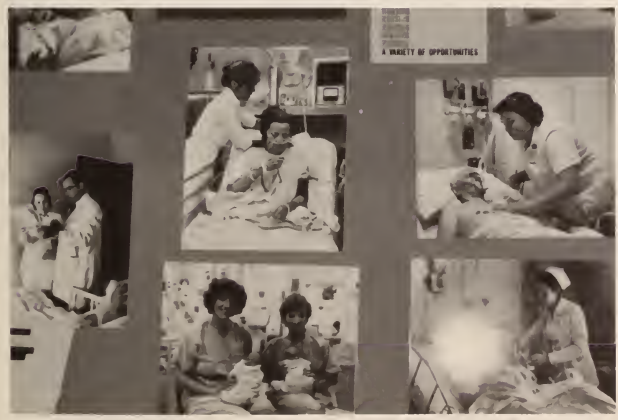
A little embarassment never hurt anyone !?

They DO love their Beanies.

AND IN THE END!

Many of the Freshmen who enter Villa, leave with either a BSN or an AD degree in Nursing. Because the nursing students who leave Villa's fine program are in demand, Villa sets aside a day so that representatives from hospitals around the area can come on campus and talk to the nurses about their facilities. The day is most benificial to the Juniors and Seniors, but everyone benifits from this service.





OCTOBER 14:

Villa's Woman's Day activities started on Monday evening with two movies followed by a discussion of the movies. Tuesday morning, Woman's Day got into full swing at 8:00 a.m. with "The Three-Mile Run" around campus. Then at 11:00 a.m., there was a panel discussion on "Women in Media". June Smith from WQLN TV, Lisa Adams from WICU TV and Joy Greco from WJET radio participated in the discussion. At 2:00p.m. Attorney Lynette Lang lectured on the legal issues which face women. Later in the afternoon the mood changed a little for an informal Auto Mechanics Seminar presented by the chief mechanic at Exit 4 MOBIL station, Linda Steward. Finally, the day was concluded by a lecture entitled "Preparing to make many choices---Lead many Lives". It was given by Dr. Eloise Murray, an Associate Professar of Home Economics at Penn State University. Everyone who attended the day's events seemed to enjoy them as well as benifit from them.

How am I going to get to the Springsteen concert?

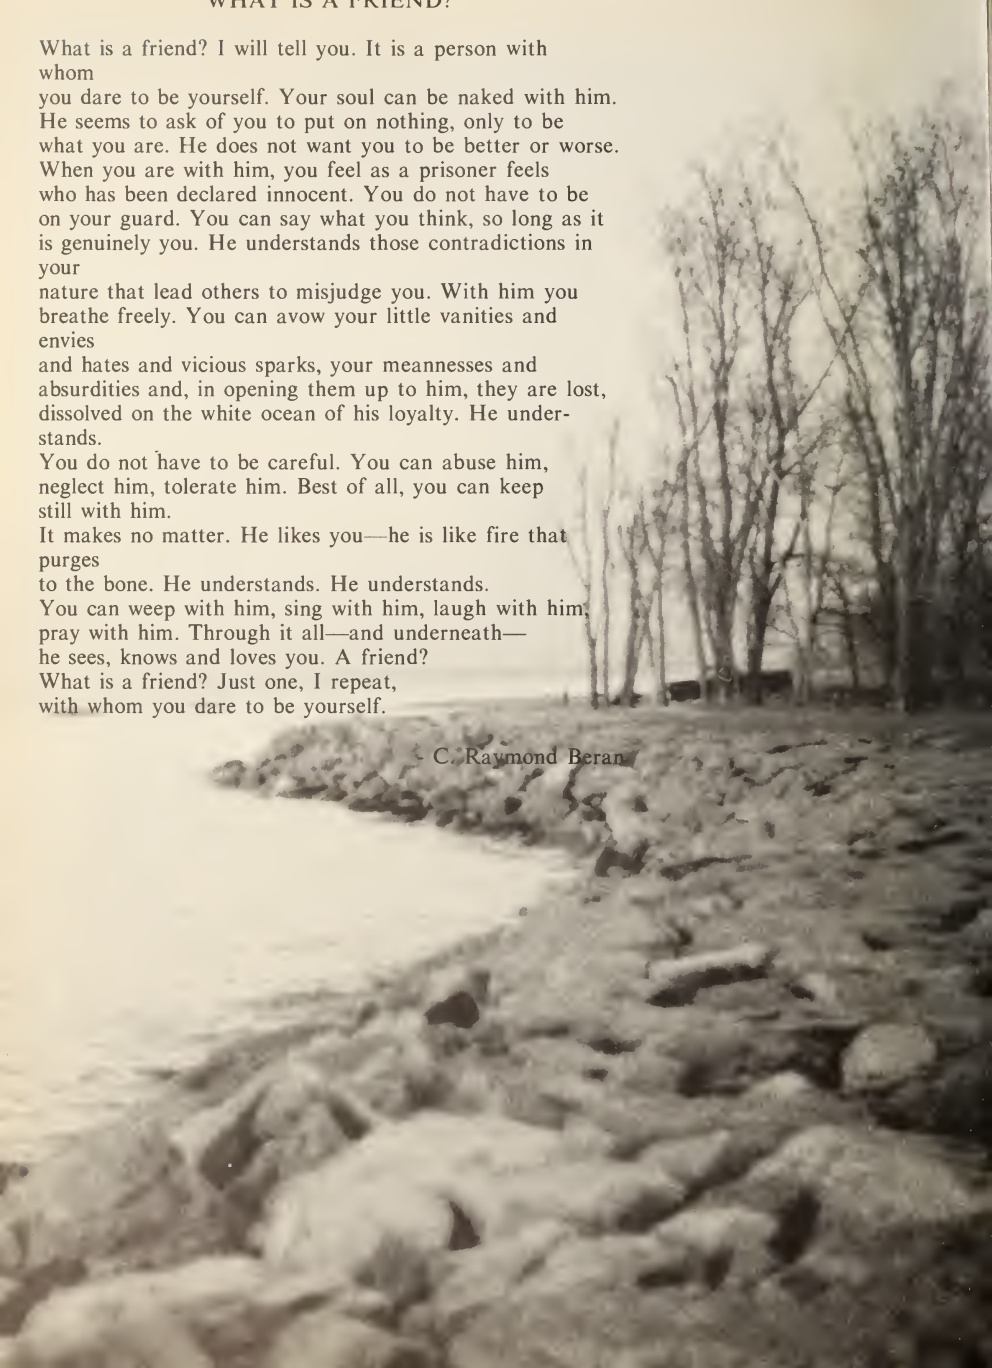
Ad Manager Carolyn Lerch "wraps it up".

WHAT IS A FRIEND?

What is a friend? I will tell you. It is a person with whom
you dare to be yourself. Your soul can be naked with him.
He seems to ask of you to put on nothing, only to be
what you are. He does not want you to be better or worse.
When you are with him, you feel as a prisoner feels
who has been declared innocent. You do not have to be
on your guard. You can say what you think, so long as it
is genuinely you. He understands those contradictions in your
nature that lead others to misjudge you. With him you
breathe freely. You can avow your little vanities and envies
and hates and vicious sparks, your meannesses and
absurdities and, in opening them up to him, they are lost,
dissolved on the white ocean of his loyalty. He understands.
You do not have to be careful. You can abuse him,
neglect him, tolerate him. Best of all, you can keep
still with him.
It makes no matter. He likes you—he is like fire that purges
to the bone. He understands. He understands.
You can weep with him, sing with him, laugh with him,
pray with him. Through it all—and underneath—
he sees, knows and loves you. A friend?
What is a friend? Just one, I repeat,
with whom you dare to be yourself.


— C. Raymond Beran
